

# TWO-STORY

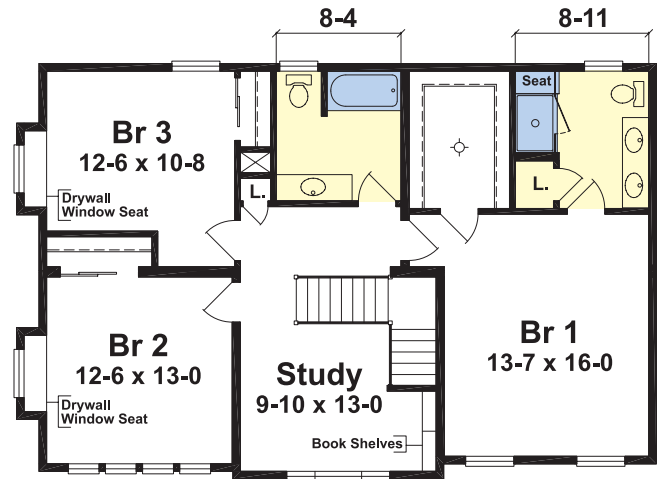

## Greenfield

The Greenfield as pictured features optional high pitched roof with architectural shingles, decorative metal roof details and decorative shakes with a circle vents in the dormers. Additional options include window grills, lineals, deluxe front door with two sidelights, pilasters and a mantle above, wide corner posts and decorative korbels. The standard kitchen includes a decorative stainless steel range hood. The master bedroom bath features a tiled shower wall surround. The garage is partially panelized and partially included in the modular construction. The porch and steel roof are site provided and installed.
